

Creation of Tables (Daily Expenses)

Team Id	LTVIP2025TMID29041
Project Name	Calculating Family Expenses
College Name	Kandula Lakshumma Memorial College of Engineering for Women
Course	Computer Science Engineering

3. Making Number Field An Auto-Number:

Automatically generate a unique and sequential identifier for each daily expense record, ensuring easy tracking, organization, and reference of individual entries without manual effort.

- Double click on the Number Field/Column

The screenshot displays the ServiceNow 'Dictionary Entry - Number' form. The form is titled 'Dictionary Entry - Number' and shows fields for Table (family expenses [u_st_family_expenses]), Type (String), Column label (Number), Column name (u_number), and Max length (40). The Application is set to Global. The form also includes a 'Choice List Specification' section with a 'Choice' dropdown set to '-- None --'. The bottom of the form has 'Delete Column' and 'Update' buttons, and a 'Related Links' section with 'Show Table' and 'Run Point Scan' links.

- Go down and double click on Advanced view
- In Default Value:
 - Use dynamic default : check the box
 - Dynamic default value : Get Next Padded Number

The screenshot shows the ServiceNow interface for editing a Dictionary Entry named 'Number'. The 'Default Value' tab is selected. The form includes the following fields and options:

- Table:** family expenses [u_st_family_expenses]
- Type:** String
- Column label:** Number
- Column name:** u_number
- Max length:** 40
- Application:** Global
- Active:** ☒
- Function field:** ☐
- Read only:** ☐
- Mandatory:** ☐
- Display:** ☐

Below the form, there is a 'Choice List Specification' section with a description: 'Displays a list of suggested values in a Choice list. In the Advanced view you can select the Choice table and the Choice field to take choice values from, plus a Dependent field.' A dropdown menu for 'Choice' is set to '-- None --'. At the bottom, there are 'Delete Column' and 'Update' buttons, and a 'Related Links' section with links for 'Show Table' and 'Run Point Scan'.

- Click on Update.
- Go to All >> In the filter search for Number Maintenance
 - >> select Number Maintenance
- Click on New.
- Enter the below Details:
 - lable : Family Expenses
 - TPrefix : MFE
